

## NEWS - NARVA Mini Plug-in LED Torch

Featuring four ultra-bright LEDs to provide wide angle illumination, this handy 12-volt torch is ideal for storing in a 4WD glove compartment.

Recharging is done by plugging it into the vehicle's cigarette lighter socket and the torch glows red while charging.

Narva's mini LED torch comes in a blister pack with a lanyard and is small enough to attach to a car key ring with the supplied clip lock.

The Narva Rechargeable LED Dash Torch is available from leading automotive outlets throughout Australia under Part No. 81036BL at a recommended retail price of \$14.95.
